

AI LITERACY IN EDUCATION

ABOUT:

As part of an independent study, these sessions offer a space for faculty and students to share ideas, ask questions, and explore the role of GenAI tools in the classroom.

MORE INFORMATION**

SESSION 1

Feb 19

11:30am to

12:30am

RNS 356

GenAI and the Future of Teaching & Learning

Join us for an open discussion on how GenAI is reshaping teaching and student engagement. Using Ethan Mollick's Co-Intelligence as a base, we'll explore practical ways AI is influencing higher ed. No prior reading required!

SESSION 2

Mar 5

11:30am to

12:30am

RNS 356

Ethics, Trust, and Transparency in GenAI Use

Students and faculty will discuss the ethical challenges surrounding GenAI use. The focus will be on how classrooms can balance innovation with fairness, accountability, and mutual trust.

SESSION 3

Mar 19

11:30am to

12:30am

RNS 356

Building a Shared Framework for GenAI at St. Olaf

This final session is a collaborative brainstorming workshop bringing together students and faculty to co-create visions for responsible and effective GenAI use at St. Olaf.
